COMMISSIONERS BUY GARBAGE TRUCK

"Horse Trading" Cuts \$2500 From Bid

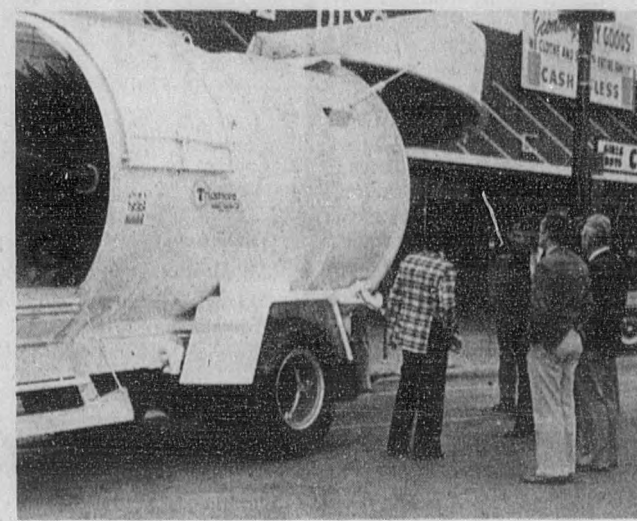

The Coffee County Commission held a special meeting on Tuesday, January 31, at the courthouse in Elba; and after some "old-fashioned horse trading," voted unanimously to purchase a new 23 cubic yard capacity garbage truck from Truxmore, Inc.

The meeting began at 10 o'clock Tuesday morning with all commissioners present, along with Probate Judge James L. Sawyer and County Engineer Leslie Mullins.

The commission greeted a delegation of various garbage truck dealers, and listened as the dealers made a final sales pitch for their product. The commission then asked the dealers to wait outside the meeting room while the bids were reevaluated.

The commissioners agreed that only one bid met the specifications required for a large garbage truck, but they hesitated at awarding the contract because it meant going out of Coffee County to purchase the vehicle.

Commissioner Benlie Beckham suggested purchasing two small garbage trucks instead of one small truck, and one large truck. "We could use the two small trucks for a while," said Beckham, "and if they don't work, then we can buy a large truck. We'd

still have the extra small truck around if something happened."

"We've planned on using the small truck on dirt roads and the big truck on paved roads," stated Engineer Leslie Mullins. "I've spent more time studying the matter than anyone, and I recommend buying a large, side-loader garbage truck."

"We've discussed this matter for a long time," added Mullins, "and I'm convinced the right solution is to get one large and one small garbage truck." The commissioners again

expressed the opinion that they hated to buy equipment outside the county when it could be bought from a dealer within the county.

"You've got to make up your mind, one way or another," said Mullins.

After a lengthy discussion, the commission voted to accept the bid from Truxmore if a negotiated price is acceptable to the commission. The Truxmore representative reported that although the truck sold for \$24,000 (bid price), he had received permission from the company to cut the price by \$2000. The

commission discussed the various advantages and disadvantages of buying the Truxmore truck, and stated it would give \$21,500 for the vehicle.

"Go call your company again and see if they'll lose the deal because of only \$500," said Commissioner Jack Hornsby.

The dealer phoned the home office and told the commission he could lower the price only if it would agree to fill two sales orders for two vehicles. The commission flatly refused, but the dealer finally agreed to sell the truck for \$21,500.

The truck will be delivered to the county by Friday, February 3.

In other action Tuesday, the commission ***Hired Mr. Tim Hornsby as an Assistant Engineer effective March 29, 1978. Hornsby is a native of Coffee County.

Agreed to share the cost of retining the parking lot behind the courthouse in Enterprise; ***Appointed Ted Fillingim as a Member-At-Large to the Farm Center Board. Fillingim will serve a two-year term beginning January 31, 1978;

***Approved pay raises for all employees in the Probate Office and Commission Clerk's office effective with the next pay period; and

City Water Closer For Rural Area

The following is a memorandum from Botts and Ray Inc., Registered Civil Engineers and Land Surveyors, regarding water supply in the Stinson Community.

Memorandum - STINSON COMMUNITY WATER PROJECT - To: Mr. Buren Bowers From: James E. Ray

The Stinson community has made application to the Farmers Home Administration for a loan and grant to provide water service to the Stinson community. An engineering report has been prepared and has been submitted to the Health Department for approval and will include most of the residents north of Big Creek, West of Alabama Highway #87 and east of the Brantley Highway. The report recommends that the water be supplied by the City of Elba and that a storage tank be placed in the Stinson Community.

If the system can be approved and financing arrangements made, water should be made available in this area within 12-24 months.

Botts and Ray, Engineers, Troy, Alabama have submitted the report and will keep the Stinson community water committee informed as to the developments."

Highway Dept. Plans

New Pea River Bridge

The Alabama Highway Department announces that work has begun on the relocation of Alabama 52 at Pea River west of Samson. The project is 1.154 miles in length, including bridges and approaches. The River Bridge will be 839 feet long and the Relief Bridge will be 204 feet long. Both bridges are to be 44 feet wide. The roadway approaches will be 44' wide with 24' pavement. The roadway and bridges are to be constructed to Federal Highway Primary Standards.

W. B. Goodwyn, Inc., Montgomery, Alabama, is the Prime Contractor and several subcontractors will also be working on the project. It is estimated that the project will be completed by August 1, 1979. Traffic will be allowed to use the existing road by utilizing the old bridge and several

detours which are to be built during construction. The contractor will provide and maintain at least one entrance to all residences and business establishments adjacent to and abutting the project highway at all times.

Adequate advance warning signs, properly lighted and reflectorized will be maintained at all times by the contractor, and flagmen will also be provided, however, the traveling public is urged to use extreme caution while

POOR ORIGINAL

BRAINSTORMS

With Ferrin Cox

The porkbarring has started over the proposal for a bond issue to finance school construction money for all the school systems in the state. When the bills began to come up for debate this week, various senators started padding their vote total with the folks back home by adding amendments allocating more money for the back home friends. They end results will be that we will be hard put to recognize any school money bill that comes out of the legislature as one entered during the first weeks of the session.

Bob Folsom was commenting about a news story on Elba that appeared in an out-of-town newspaper. Mayor Bob was real excited that finally a story about Elba had come out without mentioning him in every other sentence - in fact Folsom said his name wasn't in the article at all Bob, maybe he has turned the corner and things are going to get better all around.

Several weeks ago the city fathers noted an increased interest in the need for expanded public library facilities and appointed Mrs. Linda Boyce to head a fund-raising committee to secure the needed space. She set her target at something over \$100,000 and by golly, I am convinced the money will be raised. More and more people are offering donations - even before the drive gets underway. I personally heard one citizen offer \$10,000 "if it is done right," and Mrs. Boyce assured him it was going to be done right. Others are coming forward saying they want to help also, and I believe the project will succeed at long last.

The snow and ice that has hit the "yankees" is pretty bad and even though it is up north, it still changes things for us. Ye ole editor had an order coming out of Akron, Ohio, last week, and needless to say, it didn't make the trip until some time later. That order has just started to trickle in this week - but even then, it is in bits and pieces. Rather than complain to the company or the delivery driver I did what I was best in the matter and that was say "thank you" for the one box received!

The Elba PTO met Monday night and the program centered around the principals of both the elementary and middle schools answering questions submitted by parents. One of the questions was a complaint about the food in the lunchroom. The answer to this question that I personally have heard around the world for over thirty years is that it is impossible to please everyone. However, the thing that upset me about the whole thing was the complaint of the school serving collards. Now, my complaint is if they are going to serve collards, I want to know if far enough ahead that a plate can be reserved for me! Actually, school folks say they don't serve collards.

The cost strike now in progress across the nation has taken some not-so-good turns lately. The cases of violence that have occurred both in Alabama and other states is not helping the public image of all unions. While I have no idea "who started it," when the union, non-union and state troopers get in squabbles, I to know that any man who walks into my office with an ax handle, ball bat, pistol, brass knuckles, etc. is not coming to read the light meter. Unfortunately, this type action hardens opposition, and the same time, hardens the striking miners' attitudes. Then, after everything is settled, for better or worse, these same people need to be working together for the benefit of civilized America!

Well, our county officials are still holding private meetings. We have long held that a certain amount of this was OK even though laws can't be written to allow common-sense decisions on such matters. However, when the same group (county commission in this case) repeatedly holds up to three of these meetings a week, that is abusing the law, the press, and worse, the taxpayer's vote. Last week, after the regular commission meeting was over and everyone left, the commissioners met back in the same room for more talk Friday, they met again for the same purpose and again Monday afternoon! The last meeting was with Senator Miller and Representative Holley, and it was to talk about the (worthless) again. To the credit of both Miller and Holley, we are told they both asked that the press be invited. Also, one commissioner urged ye ole editor to "just show up." Our reason for not showing up was being tied up with a court summons, but several of these present have given us a report and they all report the same thing, but that still ain't right. The reported reason for the private meetings is to "work things out," but after at least a dozen meetings on the courthouse issue (that we know about), and even some actual votes being taken, they are farther from doing anything than ever before. Maybe if the press had not been excluded from the first meetings, someone would have felt honor-bound to stand by a commitment. If you feel this type meeting is wrong, comment to your commissioners or the probate judge, who must call all meetings!

The shortest lived U.S. denomination was the 20-cent piece issued only in 1875 and 1876.

Students of the Middle Ages depended on clocks that were enormous iron contraptions driven by bulky weights too big to fit into anything smaller than a church steeple. One gigantic indoor clock built in 1360 (and still running in 1952) was driven by a 500 pound rock.

Twentieth Century Study Club Meets

At a recent meeting of the Twentieth Century Study Club, which was held at the Elba Country Club, the Rev. Jimmy Brock, pastor of the Westside Baptist Church, was the speaker.

Kings Announce Birth Of Third Boy

The Bobby Kings announce the birth of a son, Edwin Holmes, on Friday, January 27, 1978, at 9:30 p.m. at an Enterprise hospital.

The Kings have two other sons - Troy - 9, and Tracy, 4.

Maternal grandparents are Adelaide D. Jones and the late Edwin Holmes Jones. Paternal grandparents are Mr. and Mrs. Robert King, all of Elba.

Mrs. Grantham Honored With Baby Shower

Mrs. Billy Grantham (Ramona) was honored with a baby shower Tuesday night, January 17, at the home of Mrs. Susie Edkins.

Games were played with prizes given to the winners and honoree. Afterwards, gifts were opened and passed around for everyone to admire.

The table was decorated in yellow and green, centered with a cake shaped like a baby carriage. Refreshments included cake, potato chips, sand tarts, punch and coffee.

Approximately 45 guests were present.

Personal

***Mrs. Lula Kendrick had as her guests last Sunday, January 29, for lunch the following friends and relatives:

Mrs. Maude Price, Mrs. Wayne Brown, Mrs. Vera Mae Smith, Mrs. Lena Bell Rugg, Mrs. Bertie Wilks, and son Harold Kendrick of Griffin, Georgia.

Rachel Hudson
To Marry
Chris Ruddock

Mr. and Mrs. Durrell Hudson of Elba announce the engagement of their daughter, Rachel, to Chris Antwine Ruddock, son of Mr. and Mrs. Arthur H. Ruddock of Prescott, Arizona.

The bride-elect is the granddaughter of Mr. and Mrs. J. C. Donaldson of Elba, Mrs. U. B. Hudson of Elba, and the late Mr. U. B. Hudson.

The prospective bridegroom is the grandson of the late Mr. and Mrs. Antwine Romain of Tuscaloosa, and the late Mr. and Mrs. Thomas Ruddock of Pass Christian, Mississippi.

The wedding will take place at the Westside Baptist Church on February 26, 1978, at three o'clock in the afternoon. A reception will follow in the fellowship hall of the church. All friends and relatives are invited.

Mrs. Semonelle Honored With Baby Shower

Mrs. Elaine Semonelle, Rt. 1, New Brockton, was honored with a baby shower last Friday night in the home of Mrs. Faye Holliday, with Mrs. Gloria Kelley as co-hostesses.

The guests assembled in the living room, and enjoyed fun and games. Gifts for Elaine were displayed in a basket; she later opened them and passed them around for everyone to see.

Refreshments served were punch, small cakes, cheese balls and various kinds of crackers.

Fourteen were present, including the hostesses and the honoree.

PERSONAL

MISS TAYLOR PERFORMS AMERICAN MUSIC

It's one thing to study about American music and the effect history has on it, but when you can actually hear it performed, it's a greater thing. Last week Miss Nancy Taylor performed for Mrs. Bryan's American History class. She sang such patriotic songs as "The Star-Spangled Banner" and "My Country 'Tis of Thee." She also sang several of Stephen Foster's songs and several American work songs such as "The Erie Canal" and "Working On the Railroad."

"Rattlesnake," "Dem Bones Ain't Gone Rise No More," "Oh Johnny, Oh Johnny," and "Winter's Night." This was supposed to be the end of her program but her students would not let her get away without singing some requests. Also, Willie D. Berry was in the class, and nothing would do unless he and Miss Taylor sang together. When the class was over, it was certain she was tired because she had sung an entire hour!

Miss Taylor is planning a program of World War I music and music from the 1920's to perform for Mrs. Bryan's class.

Senior Girls 4-H Meets

The meeting was called to order by President Donna McWaters. Vice-President Kathy Perkins led the club in the pledges to the American flag and the 4-H flag. Devotional was given and then we sang several songs. After the business part of our meeting the winners of the poster contest were announced. Kathy Perkins took first place, Lisa Bell, second, and Mary Hellen Taylor, third. The program was a film on photography. The meeting was adjourned until next month. PATRICIA FAIR, Reporter

STUDENT SPOTLIGHT

WILLIE D. BERRY

The Rebel News has considered having a student spotlight several times, but couldn't come up with a way we wanted it to be presented. Well, we have finally come up with a way and a reason -- Willie D. Berry. "D.B." as the students call him, is a very talented person. He is often called upon to sing for our students. He has performed both for the Halloween Carnival Talent Show and for the Beauty Pageant. In fact, when entertainment is required, Willie D. is called upon. In addition to a great voice, Willie D. is also a good student and a fine basketball player. He is president of the Junior Class.

Beta Club Picks New Members

The Beta Club of Zion Chapel picked new members last week. They were first chosen by their grades at the end of first semester. They first had to have an 85 average to qualify. Next, the Beta Club met as a group Wednesday, January 25, to approve the ones who qualified. They also had to be approved by the principal. Thirty-two new members were added to the roll. Initiation day for these people will be February 3. The initiation committee of the Beta Club is planning an exciting, but hilarious day for the new members.

WE'RE DOING MORE THAN MAKING CLAIMS

Part of our policy at Farm Bureau is to make your auto insurance claims for you, but we do it with a difference. We provide you with 134 conveniently located Service Centers across the state. At each center, you'll find well-trained employees to answer your questions quickly and courteously. And the majority of claims filed with Farm Bureau are handled in only two weeks. MU ALPHA THETA MEETS

The January meeting of Mu Alpha Theta was held in Mrs. Adkinson's room on January 19, 1978 during Activity period. The meeting was presided over by Mike Rich, Vice-President. The minutes and financial report were read and approved. We then discussed old business about the Christmas bake sale.

Mrs. Adkinson read a letter about the Mu Alpha Theta convention to be held in Decatur. She also told us about the Math Tournaments to be held February 3 in Andalusia and February 24-25 in Birmingham at Samford University. At-

tending the tournaments this year as team members are Ken Martin, Julie Holliday, Chuck Mack and Mike Rich. For our activities of the meeting each student participated by working math problems in a mock ciphering contest. The winners were Andy Bullard, Sheila Harrison, Phyllis Kelley and Villa Owens. They were rewarded with a prize.

There being no further business, the meeting was adjourned by Mrs. Adkinson.

BASKETBALL SPOTLIGHT

The Elba Tiger basketball team had an impressive week in the SAC tournament last week in Andalusia. Elba defeated Laverne 56-39 in opening round action of the tournament, and later in the week, maintained a 3 and a half quarter lead over Andalusia only to be defeated by the Bulldogs late in the game.

Larry Ware scored 20 points against Laverne and 22 points against Andalusia.

James Smith also had 2 good games, scoring 17 and 14 points respectively in the tournament games.

Larry Ware was also selected as a member of the SAC all-tournament team.

ESAA Club Meets

The ESAA Club of Elba Jr. High met on Thursday, January 19. A student advisory committee handbook was re-

distributed for continued discussion on maximizing the benefits gained through the use of student advisory committees under emergency school aid act.

The discussion included the emergency school aid act which authorizes the program of stipend-

payments governing the student advisory committee, purpose of the SAC, some ideas on how the committee might function more effectively, and numerous suggestions on the kinds of activities that can be engaged in.

The Student Advisory Committee includes: President - President - Patti Williams

Vice-President - David Dorsey - Linda Head, Dori Blackmon, Carmon Coleman, Terry Spicer, Ammie Johnson, Johnny Maddox, Mary Jean Caldwell, Debra Thrasher, John Kidd, Teresa Stouderme, Randy Williams, Molly Walker, Mark Bowers, Beverly Daniels, Rhoda Hudson, Becky Smart, Cressandra Williams, Florence Barnes, Scott English, Teresa Anderson, Willia Robinson, Gloria Williams, Phil Hayes, Rhonda Danford, Edward Tillis, Douglas Daniels, Joe Windham, and Pam Allen.

SOME POCKET MODELS

let you zoom in to get a close-up of one person's face.

Some pocket models come with built-in adaptors for telephoto pictures. One recent arrival, the Minolta 110 Zoom SLR, has a zoom lens to let you close in on someone's facial expression or get the whole family in the picture. It also has automatic exposure and through-the-lens viewing that permits move control under different lighting conditions--and lets you know exactly what's going on in the picture.

The better pocket models are designed to use available light indoors and most accept some sort of flash.

Success With Your Pictures

It "easy-to-operate" is tops on your list of what you're looking for in a camera, then a pocket model may be the one for you. And you won't be alone--it's the kind most Americans buy than any other.

There are some good reasons why it's a snap to use: Pocket cameras use a drop-in film cartridge for quick loading and most models don't require focusing or much fusing with shutter speeds and lens openings.

The better pocket models are designed to use available light indoors and most accept some sort of flash.

The Elba Tigers enjoyed one of their winnigest weeks ever last week when they claimed three wins to top their record to 7-12. The Tigers have now won 4 of their last five games, and appear to be ready to play like we know they can! Larry Ware scored 52 points in the three games, while Larry Phillips added 49.

All the players are taking a part in the wins and maybe the "team spirit" has something to do with the Tigers' recent success. Whatever it is, I hope the players keep it going!

The Little League basketball program has started in Elba, and it seems to already be a success! Four teams are in the league, with boys in the fourth, fifth and sixth grades competing. The originator of the league was Mr. Ronnie Young, who has rounded up sponsors for the teams, and who finds time to coach one of the teams. Mr. Young deserves quite a bit of credit for his hard work in organizing the league!

Eufaula coach Butch Stafford proved his sportsmanship (?) last week by turning up a 132-58 score against lowly Clayton. Stafford claims to be a true gentleman of the game, but I imagine Clayton's coach had a few other names in mind after the contest. Don't worry, coach, your time is coming!

New Brockton pulled off a shocker by beating Enterprise 65-56 last week. The Gamecocks of Coach Andy Harris now boast a 14-2 record, and have to be the top Class A team in the state. New Brockton should have no trouble in making the state tournament, and I'm already thinking about a possible New Brockton-High Family match-up in the opening round.

The Pensacola Open will be played at Perdido Bay Country Club this year instead of the Pensacola Country Club course. The dates are October 26-29. I spent a week down at Perdido Bay several years ago on a golfing holiday, and they have quite a layout!

A group of girls from Elba played the New Hope Junior High girls two weeks ago in the first girls' game involving an Elba team in quite some time. The Elba team was made up of seventh graders and a few older girls, and I think they did real well.

Maybe next year Elba High will field a team!

Once again it is time to sponsor in M. C. Anderson, open a new racing season. This year should show many surprises and quite a few new looks.

Some of the top name drivers have decided to move from the old standard Chevrolet, to race the 1978 season in Oldsmobiles. Cale Yarborough pulled his new Olds to a victory at Riverside, California, two weeks ago to become the first person to win a Grand National race in the last 20 years in an Olds. Others making the model switch are Benny Parsons, Richard Childress and Ruston's Donnie Allison.

Bobbs Allison, also of Ruston, will have a new sponsor this year, as he will be driving the Ford Thunderbird owned by Bud Moore. Buddy Baker will have a new sponsor in M. C. Anderson, while "The King" Richard Petty, will be driving a Dodge Macgregor.

Over 80 entries are expected for this year's Daytona 500. Two 125-mile qualifying races will be held on February 16. These races will be very important in determining the 40-car field for the world's richest stock car race to be held on February 19.

As soon as we receive information on the annual "Rattler 100" at Twin City Speedway, we will pass it on. At this time, the race is planned to be held on the first Saturday in March in conjunction with the Rattlesnake Rodeo in Opp. This information is hearsay, but we will print the definite plans in the near future.

Andy Grantham's 34-point performance last week upped his career total to 555 points, and moved him into 16th place among the all-time leading scorers.

Announcement of Rhodes' hiring was made jointly by athletic director Robert Stewart and head coach Charlie Bradshaw. Rhodes will join the TSU staff February 1.

A 1970 graduate of Central Missouri State, Rhodes has served as an assistant coach at Montgomery's Jeff Davis High and head coach at Birmingham's Mountain Brook and Mobile's Davidson High schools.

Last year, in his first season at Davidson, his team posted a 7-3 record after a 1-9 season the year before. At Davidson, Rhodes was both head football coach and athletic director.

His 1976 Mountain Brook team won the state 4-A championship. That year, he was named the state's high school "coach of the year." He also served as head coach for the South squad at the 1977 state high school all-star game.

Little Leaguers Begin

Basketball Season

The Elba Little League Basketball program began last Saturday morning with two games being played. The league is divided into four teams that are sponsored by local merchants. Sponsoring teams are Dorsey, Kleimerts, Cook Chevrolet and Hickman Moving and Storage. Games are played every Saturday morning at 10 and 10:30 a.m., and an exhibition game is set for Friday night at half-time of the Elba-Red Level game.

In the season openers, Kleimerts defeated Hickman 18-12 and Dorsey edged Cook 34-26 in 3 overtimes.

New Hope Wildcats Blast Coppinville 103-78

The New Hope Junior High Wildcats improved their record to 4-6 last week by claiming a 103-78 win over the Coppinville Eagles in New Hope.

The first quarter was a see-saw affair with neither team being able to pull away. The second quarter was a replay of the first, with New Hope battling the much-taller Coppinville team on the boards. At halftime New Hope held a slim 41-30 lead.

New Hope came out pressing in the second half and took advantage of countless Coppinville turnovers to score easy buckets. The Wildcats' high-powered offense clicked for 32 points in the stanza to open a 75-54 advantage. The New Hope defense continued to cause turnovers in the final quarter, and the Wildcats rolled past the century mark in claiming the 103-78 win.

New Hope was led in scoring by Andy Grantham with 34 points, David Parker with 24 points and Robin Shepard with 22 points.

Elba's Dr. Leon Davis Continues Accomplishments

At Montevallo University As Athletic Director

(NOTE: Dr. Leon Davis is a native of Elba and a graduate of Elba High School. He is currently the Athletic Director at the University of Montevallo.)

Dr. Leon Davis

Dr. Leon Davis has always been a doer. From his days of growing up on a farm in Elba, through his basketball and baseball careers, his coaching period and his administrative duties now as Athletic Director at the University of Montevallo, Dr. Davis has always tried to look ahead and improve, and his records show that he has succeeded.

Except for a head full of gray hair, Leon Davis, now 46, might still be mistaken for a basketball player. He stands 6-3 and still manages to maintain the athlete's body that carried him through the many years of competition.

From his office at the school, Dr. Davis reflected on some memories of the past. The walls hold trophies, awards, maps, schedules, Snappy cartoons, memos, books and a basketball program, and he had head coach for five years. In 1965, under Dr. Davis' direction, the University initiated a

award came in 1953, the year he graduated and went into the Army (16 months in Korea). For the two previous summers, he had pitched baseball as a St. Louis Cardinal farmhand in Dothan and Graceville, FL, in the old Alabama-Florida league.

"I got out of baseball because of my age," said Dr. Davis. "I was 21, too old to stay in the minors." By the time he was discharged from the Army, he was 24 years old, so he went into coaching. In 1957 he took his Tuskegee High basketball team to the State tournament, and also got his Masters Degree from Auburn.

After another half decade with the preps (Bainbridge, Ga. County where he spent his and Talladega), Davis became a student again, this time at the University of Alabama. Within two years he had his doctorate. Meanwhile, though, he came to Montevallo as an assistant professor, soon went to work establishing a basketball program, and he had head coach for five years. Tigers Rally To

Slap Samson

46-39

The Elba Tigers rallied from a disastrous first quarter to slap the Samson Tigers, 46-39, last Thursday night in Elba.

The Tiger offense was practically non-existent in the opening quarter as the visitors grabbed a 9-4 lead. Elba hit only 2 of 11 shots in the stanza before only a handful of fans. The second quarter saw the Tigers begin to rally, as Elba tallied 16 points to take a 20-18 halftime advantage.

The third quarter was totally boring as neither team showed much enthusiasm. Both squads scored 8 points in the lull period as the Tigers clung to their two-point bulge. Elba quickly expanded their lead in the fourth quarter to six points at 36-20, but Samson came back to cut the deficit to only two points at 40-38. The Tigers took charge in the closing minutes to claim the victory 46-39.

Larry Ware tallied 16 points to lead Elba. While team-mates Larry Phillips and Ken Martin added 14 and 10 points.

The Elba B team staged a miraculous comeback in the final 12 seconds of the game to defeat Kinston 40-39.

With 12 left in the game, the score was Kinston 39, Elba 35, and a Kinston player was at the free-throw line shooting one and one. The players missed and Elba's Frankie Daniels drove the length of the court and scored on a lay-up to make the Thundercats 37-39. Johnny Williamson then stole the inbound pass and was fouled. With 03 left, Williamson hit the first free-throw attempt to make it 39-38, but Williamson missed the second attempt. Elba's Jimmy Coleman grabbed the rebound and scored at the buzzer to give Elba the win, 40-39.

Martin's Free Throws

Doom Geneva 59-58

Ken Martin hit two free-throws with only 03 left in the game to give Elba a three-point lead, and the Tigers gave up a meaningless bucket at the buzzer as they claimed a thrilling 59-58 win over Geneva.

The win improved the Tigers' record to 5-12, while the loss lowered Geneva's state to 5-12.

The Tigers couldn't find the range early in the game and found themselves trailing 12-8 after one quarter of play. Elba's offense came to life in the second stanza, and the Tigers rolled into the lead 31-26 at the half. Larry Ware poured in 12 points during the quarter to spark the comeback.

The two rivals matched buckets in the third quarter as Elba edged the quarter 13-11. Elba used the shooting of McArthur Reed to stay ahead 47-42. Reed, a 6-3 center, scored 10 points in the stanza to

pace the Tigers. Geneva began to chip away at the Elba lead in the fourth quarter and cut the lead to 57-56, but only a few seconds remained. Martin's two free-throws came on a one-and-one situation, and tied the victory.

Scoring in double digits for the Tigers were Larry Ware with 26 points and Larry Phillips and McArthur Reed with 12 and 13 points, respectively. Reed also pulled down 14 rebounds.

"For I am convinced that neither death, nor life, nor angels, nor principalities, nor things present, nor things to come, nor powers, nor height, nor depth, nor any other created thing, shall be able to separate us from the love of God, which is in Christ Jesus our Lord." Romans 8:38-39 (NASB)

The family of Jim Paul wishes to express our appreciation and thanks to our friends and relatives for their visits, calls, prayers, food, gifts in his memory, flowers and other deeds of kindness extended during his illness and death. A special thanks to the physicians and hospital personnel for their concerted efforts and services. May God bless you for your thoughtfulness.

MISS LALA PAUL, MRS. ALICE RAMER, MRS. OLIE COOPER, MISS JESSIE PAUL, MISS MARGIE PAUL, MR. GASTON PAUL, 2-2-78

Nothing shall erase God's love. He has written it in the pages of time and sent it special delivery by the prophets of old, the Bible His book, and the Christ His Son. Men, armies, and Satan have tried since the beginning to erase it from the earth. They have failed, and God's love is still with us today.

Nothing shall lessen God's love. It cannot be marred, except by man's sin. Even then, God continues in His ultimate love for us.

Letters of Administration on the estate of said deceased having been granted to the undersigned on the 11th day of January 1978, by the Hon. James L. Sawyer Judge of the Probate Court of Coffee County, notice is hereby given that all persons having claims against said estate are hereby required to present the same, in writing, to the undersigned within time allowed by law or the same will be barred.

K. Maynard Head

Balls can be used for a lot of games. Golf, tennis, football, basketball, and I almost forgot, baseball. That's one ball I didn't find. Maybe it's because we live on a hill and when you ball a baseball a time or two, it usually gets lost.

Once, during my childhood, we tried to make a baseball. After tightly wrapping a few pieces of scrap cloth around a pebble, we covered the "ball" with some plastic. It was sorta lop-sided and when we batted it, it didn't go too far, but at least we couldn't get hurt if somebody "batted" you!

It's amazing how children aren't hurt with so many flying balls around, but even God seems to look after God's most clumsy child.

Occasionally I wish for a little peace and quiet at the house and I put the balls away for a while. I always feel guilty when I do that because I realize that, all too soon, the house will be too quiet.

So I usually pick up the balls and put them where the boys can find them the next day. . . .

Now it was useless and had been cast aside. Our dog, Suzie, had chewed it up one day when she became bored.
